

INSTRUCTION MANUAL

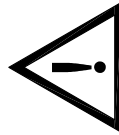

Modular Welding Curtain Frame - Assembly Instructions

Tooling required: 13mm A/F Spanner

WARNING - SAFETY INFORMATION

The welding curtain frame is only for the use of suspending a welding curtain using curtain rings attached to the frame. The frame must be assembled as illustrated, on a flat and level surface. Ensure the frame and curtain assembly is secure and stable before use. Do not position the frame so as to cause an obstruction thus diminish safe working practice. Do not lean anything on or against the frame and curtain assembly.

Frame Kits

Stock Code	Description	Quantity
P3666FR	6' x 6'/1.8m x 1.8m Steel Frame Kit	
Item No	Description	Quantity
1	Foot Assembly	2
2	Corner Length	4
3	Push Lock Joining Length	4
4	Upright Length	4

Stock Code	Description	Quantity
FR-EXT	2'/0.6m Steel Frame Extension Kit	
Item No	Description	Quantity
3	Push Lock Joining Length	2
5	2'/0.6m Extension Length	2

Stock Code	Description	Quantity
P36886FR	8' x 6'/2.4m x 1.8m Steel Frame Kit	
Stock Code	Description	Quantity
P3666FR	6' x 6'/1.8m x 1.8m Steel Frame Kit	1
FR-EXT	2'/0.6m Extension Length	1
